

→ KIT ByPASS

Stainless steel ByPass kit for installation of water softeners and cartridges

(Ref.930050)

Stainless steel By Pass kit with 50 micron coil cartridge and special soft water silicopolyphosphate cartridge.

DESCRIPTION

It is no longer necessary to perform the old expensive and difficult 3-valves Bypass. With the Inox Bypass Kit, you will quickly and more reliably install your water softener or filter. Bypass Inox kit is made entirely of high quality, robust and durable stainless steel. With a single valve you will have all the necessary maneuvers to carry out maintenance.
